

Fusion

The background is a vibrant, abstract composition of numerous colorful brushstrokes in various shades including red, blue, green, yellow, pink, and grey. These strokes are layered and overlap, creating a sense of movement and depth. In the center of the image is a large, white, circular area that serves as a focal point for the text.

For

How often have you let yourself just free in the flow?
We can be very surprised of what we may find in our path
when we let ourselves open to the unknown.
We invite you to join us in our journey to such open field:
As we would like to call "Fusion".

The world of the Fusion is based on the motif of brain phenomena.

The right brain, which governs creativity, was inspired by art and healing, while the left brain, which carries reason, inspired by environmental awareness and intellectual sophistication.

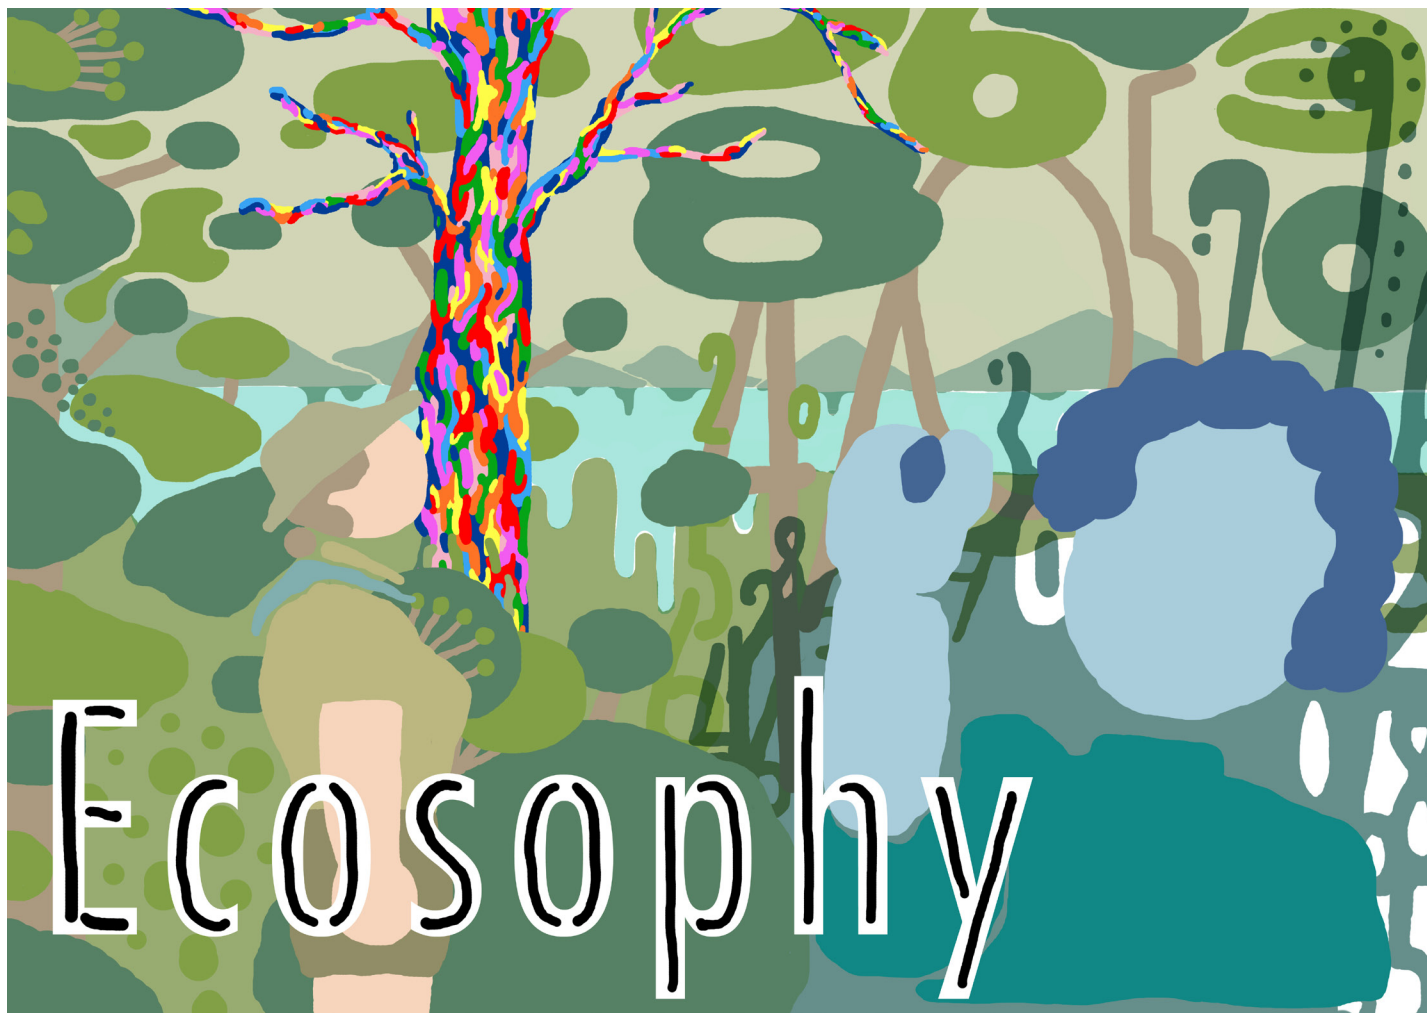

The deepest part expressed emotions and the central part took a cue from conduction pathways.

Fusion is consisted by these 4 areas.

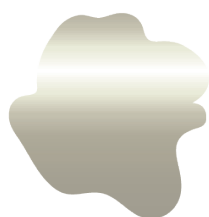

Fusion

30 colors

A category that expresses warmth of both the people and the environment.
 The texture is simple with an intellectual essence.
 An innocent earth color variation.
